In September, the Arizona Interscholastic Association officially sanctioned a state tournament for robotics, joining 27 other AIA sports/activities that already compete for state titles. The interest for robotics and STEM initiatives is growing at Arizona high schools and the AIA is proud to provide an opportunity for these teams to compete in a fun and exciting atmosphere.

The first high school robotics season in Arizona will start during the spring season and teams will compete in regional events run by FIRST, a non-profit organization that organizes robotic events internationally. The top 30 teams from the regionals will then advance to the May 23 state tournament at the Prescott Valley Events Center.

There are currently 49 high schools that have robotics teams in Arizona. The AIA's goal is to double that number of teams by May 2016. If you are interested in supporting the AIA robotics program and state tournament as a corporate partner, please contact AIA Sports Properties at 602-385-3828 or facosta@aia365.com.

Event Time Schedule

FRIDAY, MAY 22, 2015

6:00-9:00 pm ... Load-in, pit set-up, registration, robot inspection, robot-field radio connection and practice.

SATURDAY, MAY 23, 2015

8:30 am ... Pits open

9:30 am ... Opening Ceremonies

9:45 am-1:30 pm ... Preliminary Rounds ... A random draw will determine alliance team composition for preliminary rounds. The number of preliminary matches for the 30-team field will be based on approximately four hours of play.

1:30-1:45 pm ... Alliance Selection ... The top four teams will be selected based on qualification score and sort order during the preliminary rounds (FRC Game Manual Section 5.3.4). The top four teams will select alliance partners for the finals.

1:45-2:30 pm ... Lunch Break

2:30 pm until completion with Awards following immediately ... Elimination Round will consist of semifinals, third place and finals. Play will be two out of three with a minimun of five minutes between rounds. The top (first) team listed in the bracket will be the red alliance.

3:00 pm ... Semifinals

Alliance #2 vs. Alliance #4, Alliance #1 vs. Alliance #3 Alliance #2 vs. Alliance #3, Alliance #1 vs. Alliance #4 Alliance #3 vs. Alliance #4, Alliance #1 vs. Alliance #2

Third Place

Bottom two teams from Semifinals

Finals

Top two teams from Semfinals

ARIZONA FOOTBALL LEAGUE

Description and Scoring

Game Summary

RECYCLE RUSHSM is a recycling-themed game played by two Alliances of three Robots each. Robots score points by stacking Totes on Scoring Platforms, capping those stacks with Recycling Containers, and properly disposing of pool noodles, representing Litter. In keeping with the recycling theme of the game, all game pieces used are reusable or recyclable by teams in their home locations or by *FIRST*® at the end of the season.

Each Alliance competes on their respective 26 ft. by 27 ft. side of the playing field. Each RECYCLE RUSHSM Match begins with a 15-second Autonomous Period in which Robots operate independently of their drivers. During this period, Robots attempt to earn points by moving themselves, their Yellow Totes, and their Recycling Containers into the area between the white scoring platforms, called the Auto Zone.

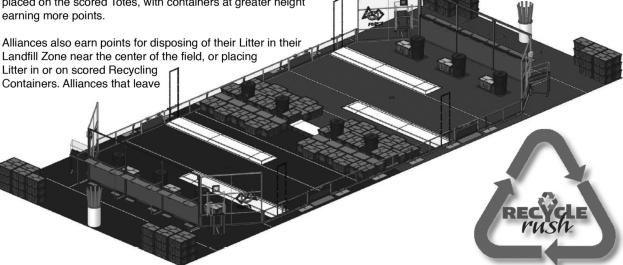

During the remaining two minutes and 15 seconds of the match, called the Teleop Period, Robots are controlled remotely by student drivers located behind the walls at the ends of the field. Teams on an Alliance work together to place as many Totes on their white Scoring Platforms as possible. Alliances earn additional points for Recycling Containers placed on the scored Totes, with containers at greater height earning more points.

Litter from the other Alliance unprocessed on their side of the field at the end of the match, not in scoring position, will add points to the score of the other Alliance.

Alliances have an opportunity to earn Coopertitlon® Points by coordinating with the other Alliance in the Match. Coopertition Points are awarded if, at some point in the Match, there are at least four Yellow Totes on the Step simultaneously. Coopertition Points are doubled if the Alliances arrange at least four of those Yellow Totes in a single stack on the Step.

To rank well during qualification matches, and advance through the playoff matches to the finals, teams will want to work to maximize their score for each match. Simply outscoring their opponents in a match does not guarantee an improved ranking. Information displayed to the audience after each match will show how the teams' performance affected their rank in the tournament.

Point values for the Teleop Period are in the table below.

Action	Value	
Scored Gray TOTE	2 per TOTE	
Scored RECYCLING CONTAINER	4 per LEVEL	
LITTER Scored in/on RECYCLING CONTAINER	6 per RECYCLING CONTAINER	
LITTER Scored in LANDFILL ZONE	1 per LITTER	
UNPROCESSED LITTER Bonus	4 per LITTER	
COOPERTITION SET	20 for each ALLIANCE	
COOPERTITION STACK	40 for each ALLIANCE
