INTERSCHOLASTIC
ASSOCIATION

Welcome to the State Championships

On behalf of the Arizona Interscholastic Association, I would like to welcome all the participants, coaches, family and friends to our state championships. It is our pleasure to create an event that fans will enjoy and think about for years to come.

The AIA recognizes the hard work and strength it took to get here, as well as the sacrifices made along the way. The membership continues to grow, opening more avenues for participation. And for that, we say thank you. The student-athletes, administrators, coaches and families have all earned our gratitude. You are what drives us.

While attending this championship, we hope that it is an enjoyable experience for all. The lessons learned regarding sportsmanship and fair play are elevated here. Athletics are an extension of the classroom, which is why we accentuate the “student” in student-athlete.

This past year showed us that by working as one statewide unit for the greater good we can achieve anything. It remains a priority to adhere to guidelines and respect rules that are in place for the safety and well-being of our participants. With your help we can show all those involved that we can overcome external difficulties by coming together as an AIA community. These championships are only possible because of you.

State championships are just a springboard to the success these student-athletes will achieve when the competition is over. In the process of deriving enjoyment from participation in athletics, our student-athletes are learning lifelong skills that will help them develop into healthy adults and productive citizens. National research continues to validate that students involved in extracurricular activities attend more days of school, perform better in the classroom and have less behavioral issues. This also includes lower dropout, alcohol and drug abuse rates as compared to those who do not participate. The benefits of participation are extensive.

Since the AIA’s inception in 1913, the association vigorously defends and promotes the positive developments of athletics, creates a culture that fosters self-governance and ethical behavior, and teaches, enforces, advocates and models the principles of the Arizona Accord and “Pursuing Victory With Honor.” Today, over 130,000 student-athletes statewide benefit from the leadership of our Board, administrators and hard-working coaches on an annual basis as we are “building character now ... for the future.”

As you enjoy all the championship contests, please show respect to those around you. Displays of good sportsmanship will place you in high regard along with your school and your community, and remind us all that, sports are meant to be fun and enjoyed by not only those participating, but those in attendance.

The AIA hopes this championship, as well as any others you may attend, achieves the level of excellence our student-athletes deserve. Remember that these are “our students, our teams ... our future.”

NEW OPEN DIVISION SEES FAVORITES FROM ALL CONFERENCES

By Seth Polansky
AZPreps365.com

The new Open Division is here. Thirty-two girls teams all aiming to hoist the gold ball and cut down the nets at Veterans Memorial Coliseum in Phoenix.

But before we get to that point, there's a lot of moving parts when it comes to the tournament.

The top eight teams in each conference from 4A-6A by the AIA power rankings get an automatic bid. Then the next eight teams in those three conferences combined get the last spots. Seed everyone by their ranking and there you go.

The Desert Vista girls have earned the top spot in this year's tournament. It's a testament to the young talent that head coach Dave Williams has developed in south Phoenix. The Thunder haven't lost to an Arizona team this season. Jerzy Robinson is one of the top freshmen in the nation. And Wrenyck "Shay" Ijiwoye is shooting 70 percent. The Thunder are going for the school's second-ever state championship. The first came in 2013-14 at the Division I level.

Freshman Jerzy Robinson is ninth in Arizona, scoring 21.2 points per game and Thunder are good for 73.5 a contest. (Mark Jones photo/MaxPreps)

But it's not just about 6A. Seton Catholic (No. 3/4A), Mesquite (No. 5/4A), Millennium (No. 6/5A), and Salpointe Catholic (No. 8/4A) are all in the mix. Along with No. 2 Perry, No. 4 Xavier Prep and No. 7 Pinnacle, the top eight seeds have a combined 18 titles in 42 championship game appearances. Seton Catholic owns 12 of those titles...all under coach Karen Self's tutelage.

The bracket up and down have a lot of your traditional heavyweights. But to have them all in one place is going to make for a heck of a tournament. Candice Gonzalez is in her 25th year at the helm of the Mesquite program and has a championship from the 2016-17 season. Can they hold on against one of the top teams from the south – Sunnyside? The Blue Devils are coached by Justin Delgado, who features his twin daughters Lexi and Gabi as the team's stars.

Deer Valley is following up on last year's phenomenal season and returns most of its starters where the Skyhawks entered the 4A tournament ranked No. 1 before succumbing in the quarterfinal round. One of the north's premier programs, Flagstaff is back at it. Coming off a state-runner up finish last season in 4A, the Eagles won their sixth consecutive region title and come into the Open ranked No. 10. Salpointe Catholic is last year's 4A champion and Millennium has reeled off four straight 5A titles. Can the Lancers or Tigers take the next step?

Twenty-five days and 31 games. Let's go!

Head to your nearest gym to watch some exciting basketball. Don't forget your popcorn and soda at concession stand. The first three rounds will be at high seed sites. The semifinals will be at a neutral site closer to the higher seed. And the championship will be held at VMC on March 4th. Did we mention the title game will be televised live on AZ Family channels 3 and 44?

If you can't make it to any of the games, check out the brackets on AZPreps365.com or on the AZPreps365 Live mobile app to get links for webcasts on the NFHS Network. One subscription and fans will have access to everything in the NFHS Network database. Plenty of ways to soak this all in.

So who do you have coming out on top? Is it one of the traditional powers? Will we have a double-digit Cinderella team make a run? It's all part of AIA's February Frenzy!

How does the Open Division work? Let's break it down

> Once a team reaches the Open Division quarterfinals, it will stay in that tournament.

> If any team loses in the first two rounds of the Open Division tournament, it goes back to its respective conference tournament for a shot at a 4A-6A crown.

> The eight play-in winners will be placed in the conference bracket. The remaining teams for each conference bracket will come from the losing teams in the first and second rounds of the Open Division.

> As an example: If seven teams come back to the 6A Conference bracket, the AIA will need to "call back" the highest-ranked play-in loser to fill out the 6A bracket, as the lowest bracket seed.

> As an example: If nine teams come back to the 6A Conference, this creates a 17-team 6A Bracket. The lowest ranked teams (17 vs. 16) will need to play an "if necessary" game (Feb. 13 or Feb. 14) to determine which team plays the No. 1 seed in the round of 16 (if 10 teams come back, this creates an 18-team bracket and No. 18 plays No. 15 in order to face the No. 2 seed, etc.)

Final 4A, 5A and 6A Conference brackets will be seeded by team rankings (with the exception of possible play-in "call backs").

COMING SOON

Sports medicine designed to bring out the best athlete in each of us

Opening May 2023 in Scottsdale at the 101 and Indian Bend, Banner Sports Medicine's new 80,000 square foot facility will be unlike anything the Valley has seen before. Designed to benefit all athletes from youth to professionals, the facility will offer a range of services to help competitors be their very best. Services will include orthopedic surgery, sports medicine physicians, performance assessment and training, sports psychology, sports nutrition, physical therapy, concussion care, medical imaging and a biomechanics lab where motion-capture technology will allow real-time performance analysis for athletes in all sports.
