Welcome to the State Championships

On behalf of the Arizona Interscholastic Association, I would like to welcome all the participants, coaches, family and friends to our state championships. It is our pleasure to create an event that fans will enjoy and talk about for years to come.

The AIA recognizes the hard work and determination it took to get here, as well as the sacrifices made along the way. The membership continues to grow, opening more avenues for participation. And for that, we say thank you. The student-athletes, administrators, coaches and families have all earned our gratitude. You are what drives us.

While attending this championship, we hope that it is an enjoyable experience for all. The lessons learned regarding sportsmanship and fair play are elevated here. Athletics are an extension of the classroom, which is why we accentuate the “student” in student-athlete.

Participation in state championships goes beyond the boundaries of the playing arena and into the stands. The players and coaches are counting on you as the family and fans to represent the team, school and community with the highest regard. Incidents of bad behavior coming from beyond the sidelines keep rising. We want this to stop. It’s up to you. Be an ambassador for the sport and show your school spirit in the right way. As you enjoy all the championship contests, please show respect to those around you. Sports are meant to be fun and enjoyed by not only those participating, but those in attendance.

State championships are just a springboard to the success these student-athletes will achieve when the competition is over. In the process of deriving enjoyment from participation in athletics, our student-athletes are learning lifelong skills that will help them develop into healthy adults and productive citizens. National research continues to validate that students involved in extracurricular activities attend more days of school, perform better in the classroom and have less behavioral issues. This also includes lower dropout, alcohol and drug abuse rates as compared to those who do not participate. The benefits of participation are extensive.

Since the AIA’s inception in 1913, the association vigorously defends and promotes the positive developments of athletics, creates a culture that fosters self-governance and ethical behavior, and teaches, enforces, advocates and models the principles of the Arizona Accord and “Pursuing Victory With Honor.” Today, over 130,000 student-athletes statewide benefit from the leadership of our Board, administrators and hard-working coaches on an annual basis as we are “building character now ... for the future.”

The AIA hopes this championship, as well as any others you may attend, achieves the level of excellence our student-athletes deserve. Remember that these are “our students, our teams ... our future.”

Gina Kowalski

RENEE ROULEAU WHITE

Current Profession: CTE Teacher - teaching Culinary and Financial Literacy

Years of experience in the cheerleading industry: 20+ years

Coaching Experience: Cheer Coach for a Middle School

Competition Experience: I was a cheerleader in high school but we did not compete. I love cheerleading so much that I became the middle school cheer coach when my daughter was in 6th grade. Our team competed at state, winning 2nd place several times. I have been judging for many years with WIAA at state qualifiers and at WIAA State Cheerleading Finals.

Judging Philosophy: As a judge I believe all teams and individuals should be treated fairly regardless of their background. I believe in scoring teams for what they have performed that day regardless of how they have done in the past. Given the right coaching and the willingness to continue to improve is how teams succeed and win. What I value most in cheerleading is the teamwork I see amongst the team when performing. The creativity might come from a choreographer but it is the teams personalities and execution of that routine that can make or break the performance. I love to see teams that are excited to perform and the smiles at the end when they know they have done their best and left it all the mat.
